

Introduction

During the 1991 Regular Session, the Legislature created the Division of Debt Management which is under the auspices of the West Virginia State Treasurer's Office. Through this Division, the Treasurer is responsible for monitoring the state's total debt position. This Debt Position Report is a compilation of statistical data concerning the state's debt for Fiscal Year 2004. The Report examines debt instruments of state agencies including General Obligation Bonds, Revenue Bonds and Lease Obligations.

Disclaimer

Information used to compile this annual report is gathered from outside sources that are considered reliable and complete; however, this report is not audited. Also, please note that the report does not include information on claims and judgments, accrued compensated absences or unpaid pension costs of the State of West Virginia.

If you need additional information, please feel free to contact the West Virginia State Treasurer's Office at (800) 422-7498 or (304) 558-5000.

Definitions Used Throughout This Report

General Obligation Bonds

General obligation bonds are secured by the full faith and credit of the State of West Virginia. If the general revenues or dedicated funds are insufficient to pay the debt service on the bonds, the State must levy taxes in an amount sufficient to pay such debt service. To issue general obligation bonds, an amendment to the West Virginia Constitution must be approved by a 2/3rds vote of both houses of the West Virginia Legislature and a majority of the voters.

Revenue Bonds

(which rely on the general fund for debt service payments)

The only agency to issue this type of obligation has been the West Virginia School Building Authority. The bonds are secured by a pledge of general revenue funds and a moral commitment of the State of West Virginia to appropriate funds to make up any deficiency of the revenues needed to pay the debt service. The West Virginia Supreme Court ruled on July 22, 1993, that this funding mechanism could no longer be used as it constitutes debt of the State in violation of the West Virginia Constitution. However, the Court authorized the bonds that had been issued and authorized refundings.

Lottery Revenue Bonds

Revenue bonds that are secured by a dedicated revenue stream of certain funds of the West Virginia Lottery.

Revenue Bonds

Revenue bonds are secured solely by a specified revenue stream, often with a lien imposed on the revenues. The revenue stream may be a tax or assessment or the revenues of the project financed.

Lease Obligations

For purposes of this report, lease obligations do not include operating leases of the state and its agencies, but do include certain mortgage agreements of the Division of Natural Resources and other state agencies. A lease obligation is an agreement in which the lessee (person leasing from another) assumes substantially all the risks and benefits associated with the asset, and meets one or more of the following criteria:

- a) Ownership of the leased asset is transferred at the end of the term.

This page is intentionally blank

- b) The terms and conditions contain a bargain purchase option which allows the State to buy the leased asset for substantially less than its estimated value.
- c) The term is 75% or more of the estimated economic life of the leased asset. Estimated economic life is the estimated useful life of the asset for the purpose for which it was intended, regardless of the term of the lease.
- d) The Present Value of the Future Minimum Lease Payments at the beginning of the lease equals or exceeds 90% of the fair value of the leased asset.

Notes/Other Debt

Notes are short-term debt obligations, generally with a term of five years or less. Forms of notes include tax anticipation notes, revenue anticipation notes, grant anticipation notes and some certificates of participation.

Debt Trends - FY2004

According to a July 2004 report released by the West Virginia University Bureau of Business and Economic Research, West Virginia's economy is forecast to grow slowly during the next 10 years. Job growth during that same time is forecast to average only 0.6% per year which is only half of the expected national growth rate of 1.2% per year. The report also indicates that the state's population will have little to no natural increase during the next decade and will stabilize around 1.8 million. Another major trend in population is the ageing of West Virginia's residents. The report makes the following conclusion:

"Further, the ageing of the state's population poses challenges for the state in terms of funding retirement programs and restructuring government programs to accommodate an increasing share of older resident." (West Virginia University Bureau of Business and Economic Research, Long-Term Forecast Update 2004, July 2004)

With these facts in mind, it is easy to understand the importance of monitoring the use of state government resources. This Debt Position Report focuses on the state's debt. Debt, as noted in the introduction, includes bonded indebtedness, lease obligations of state agencies, boards and commissions and other short-term notes or obligations. There are other forms of debt which are not included in this report, which include claims and judgments, accrued compensated absences or unpaid pension costs.

Although unpaid pension costs are not included as part of this report, they are still a major area of concern. This looming liability is one that West Virginia proposed to address with the issuance of Pension Obligation Bonds. The Pension Liability Redemption Act was passed into law during the 2000 Regular Legislative Session. However, as of the publication of this report, the bonds have still not been issued and are currently the subject of a Supreme Court Case. The proposed Pension Obligation Bonds are discussed in "Subsequent Events" on page 36 of this report.

There were several trends in debt issuance for Fiscal Year 2004; however, the "big story" came from the Economic Development Grant Committee. After facing several legal hurdles, the Committee went to market with a quarter-billion (\$249.8 million) dollar Lottery Revenue Bond issue. The West Virginia Economic Development Authority (WVEDA) issued the bonds on behalf of the committee. The bonds were issued in January 2004 and will utilize the Excess Lottery Revenue Fund as the source of repayment for the next 22 years.

There were various refunding opportunities taken by several West Virginia agencies during Fiscal Year 2004. The West Virginia Higher Education Policy Commission took advantage of low interest rates and issued \$82.5 million in refunding bonds. The refunding bonds were issued in 2 different series, A & B, and carried an interest cost of 4.09% and 3.41% respectively. These bonds refunded two 1992 issues which carried an interest cost of approximately 6%.

Another trend which continued from Fiscal Year 2003 into 2004 was the issuance of Lease Revenue Bonds issued by the WVEDA. Although only \$3.5 million was issued during Fiscal Year 2004, it is a continuing trend. Approximately \$60 million in Lease Revenue Bonds were issued during the first 3 months of Fiscal Year 2005. These issues are discussed in "Subsequent Events" on page 36 of this report.

This annual report is responsible for listing all state debt which is outstanding as of June 30, 2004. The total figure of gross debt outstanding totals more than \$4.8 billion which consists of \$2.2 billion of gross tax-supported debt (see page 11) and \$2.6 billion of gross non tax-supported debt (see page 32). However, this total figure can be very misleading because the bottom line does not tell the whole story. That is why it is important to classify this debt into tax-supported and non tax-supported debt.

West Virginia Tax Supported Debt Outstanding

West Virginia ended the 2004 fiscal year with a net tax supported debt of approximately \$1.62 billion. This debt calculation includes General Obligation Bonds, Revenue Bonds of the School Building Authority which rely on an appropriation from the general revenue fund for debt service, Lottery Revenue Bonds, and lease obligations of various state agencies (see page 11). The net tax supported debt has increased approximately \$150 million from Fiscal Year 2003. This is mainly due to the issuance of more than \$249 million in Lottery Revenue Bonds by the West Virginia Economic Development Authority.

General Obligation Bonds

Approximately \$771.8 million of West Virginia's \$1.62 billion in outstanding tax supported debt as of June 30, 2004 consisted of General Obligation (GO) Bonds. West Virginia's GO Bonds have been issued for road construction, school construction and infrastructure development. All of these bonds carry a pledge of the state to levy taxes if funds are insufficient to meet debt service.

Road Bonds

Bonds issued for construction and maintenance of state roads that have not matured include the following:

Better Highways Amendment of 1973, and
The Safe Roads Amendment of 1996.

At June 30, 2004, the principal outstanding on all road bonds totaled \$494.4 million. All GO Road Bonds that were authorized by the Safe Roads Amendment have been issued. There are currently no remaining authorizations for the issuance of GO road bonds.

The combined debt service on all Safe Road Bonds peaks at approximately \$50 million dollars in fiscal year 2012, drops to approximately \$37 million for fiscal years 2013 through 2016, and then levels out at \$23.5 million for fiscal year 2017 through the final maturity in 2025.

West Virginia Net Tax-Supported Debt Outstanding at June 30, 2004

Type of Debt		Principal Outstanding June 30, 2004	Percentage of gross tax supported debt outstanding
General Obligation Bonds	State Road Bonds Infrastructure Bonds	\$ 494,430,000 277,448,910	35.3%
Revenue Bonds (which rely on the general fund)	School Building Authority	259,010,000	11.9%
Lottery Revenue Bonds	Economic Development Authority School Building Authority State Building Commission	249,895,000 16,940,000 55,855,000	14.8%
Revenue Bonds	Education, Dept. of Huntington Toll Bridge Rail Authority, WV Reg. Jail & Correc. Fac. Authority State Colleges & Universities	2,182,315 940,000 1,535,000 101,395,000 404,673,454	23.4%
Lease Obligations	All agencies	319,532,942	14.6%
Gross Tax Supported Debt		\$ 2,183,837,621	100.0%
Deductions (refundings, etc.)	Economic Development Authority Huntington Toll Bridge School Building Authority State Building Commission	18,990,559 940,000 23,020,801 3,428,041	
Deductions (for self-supporting revenue bond issues)	Education Rail Authority, WV Reg. Jail & Correc. Fac. Authority State Colleges & Universities	2,182,315 1,535,000 101,395,000 404,673,454	
Net Tax Supported Debt		\$ 1,627,672,451	

Infrastructure Improvement Bonds

The principal outstanding at June 30, 2004, for the Infrastructure Improvement Amendment Bonds was \$277.4 million. These bonds are repaid from a dedication of the first \$24 million dollars of coal severance taxes and the taxing pledge of the state to meet any deficiencies. The West Virginia Infrastructure & Jobs Development Council (through the West Virginia Water Development Authority) has also issued \$90 million of infrastructure improvement revenue bonds which are classified as non tax-supported debt.

School Building Authority Capital Improvement Revenue Bonds

The School Building Authority Capital Improvement Revenue Bonds which utilize General Revenue appropriations for repayment consists of one original and three refunding issuances. The net principal outstanding on these bonds totaled \$259 million as of June 30, 2004. No “new money” bonds may be issued utilizing General Revenue appropriations for repayment.

Lottery Revenue Bonds

The State’s Lottery Revenue Bonds outstanding, as of June 30, 2004, totaled \$332.6 million. This total includes one issue of the School Building Authority, one issue of the State Building Commission, and one issue of the Economic Development Authority. There has been one other Revenue Bond issue which utilizes lottery funds for repayment; however, it is not classified as a Lottery Revenue Bond. The Economic Development Authority issued \$6.2 million dollars in bonds for the construction of a parking garage at the state capitol. This issue is secured through a lease agreement with the Secretary of Administration. Lottery funds in the amount of \$500,000 per year are distributed to the Parking Garage Fund to pay this lease agreement.

The School Building Authority’s Lottery Revenue Bonds matured on July 1, 2004; however, a new series of bonds were issued utilizing the same “first lien” funding source as the 1994 bond issue. This new money issue is discussed in “Subsequent Events” on page 36 of this report.

During Fiscal Year 2004, the Economic Development Authority went to market on behalf of the Economic Development Grant Committee with a new money Lottery Bond issue. The Committee was given Legislative approval to issue bonds for various economic development grants throughout the State of West Virginia with perhaps the highest profile projects being Cabela’s in Wheeling, West Virginia, and a new baseball stadium

in the City of Charleston. The amount of bonds issued totaled more than \$249.8 million and are secured by an annual pledge of \$19 million from the Excess Lottery Fund and, under certain circumstances, from a portion of the moneys on deposit in the State Lottery Fund. The bonds were issued as federally taxable bonds and carried an interest cost of approximately 5.63 percent.

Revenue Bonds

There are various agencies and authorities which have statutory authority to issue Revenue Bonds. Since these bonds are self-supporting and derive their debt service payments from revenues of a particular program or project, the principal amount is deducted when calculating West Virginia's Net Tax Supported Debt. As noted on page 11, Revenue Bonds constitute approximately 23% of the state's gross tax-supported debt.

Lease Obligations

The State of West Virginia depends on lease obligations to finance many projects relating to capital improvements. This is evidenced through the issuance of Lease Revenue Bonds. Such bonds are issued by various non-state entities (for example, County Commissions, Urban Renewal Authorities) and, most recently, through the West Virginia Economic Development Authority. During Fiscal Year 2004, the Authority issued \$3.5 million for the acquisition and equipping of an office building at One Davis Square in Charleston, West Virginia. The bonds are backed by a lease purchase agreement between the Authority and the Secretary of Administration. Since the beginning of Fiscal Year 2005, the Authority has issued more than \$60 million in Lease Revenue Bonds for various projects including correctional, juvenile and public safety facilities. These new money issues are discussed in "Subsequent Events" on page 36 of this report.

Tax Supported Debt Reserve Funds

There are no reserve accounts required for the General Obligation issues of the state. Descriptions of General Obligation payments are included to explain the funding source from which debt service is paid. Other tax supported bond issues are included to explain the various funding sources and the debt service reserve requirements on the particular issues.

General Obligation Better Highways Amendment of 1973

The Better Highways bonds are paid from funds held in the Road Fund. The amendment will be completely retired on February 1, 2006. Debt service is paid by the West Virginia State Treasurer as it becomes due and payable.

General Obligation Infrastructure Improvement Amendment of 1994

The Infrastructure bonds are paid from the dedication of the first \$24 million in severance tax collections. The fund is administered by the West Virginia Water Development Authority acting on behalf of the West Virginia Infrastructure and Jobs Development Council. The Treasurer acts as paying agent for the bonds.

General Obligation Safe Roads Amendment of 1996

The Safe Roads bonds are paid from a debt service fund which is administered by the West Virginia State Treasurer's Office. The Division of Highways makes a monthly transfer to this fund from the Road Fund. The monthly transfer amount is equal to 10% of the annual debt service requirement on all Safe Roads Bonds.

School Building Authority Capital Improvement Lottery Revenue Bonds

West Virginia was not the first but was close behind Florida and Oregon in issuing revenue bonds secured by state lottery revenue. This particular issue for the School Building Authority was issued in 1994 and is secured by a first lien on the net proceeds of the Lottery Fund.

There is a debt service reserve fund which was established when the bonds were issued. This reserve is currently funded with a debt service reserve fund surety bond with an original face amount of \$13.5 million.

As stated earlier, these bonds matured during Fiscal Year 2005 (July 1, 2004) and new money bonds, which utilize the same funding source, were issued during July 2004. This "new money" issue is described in "Subsequent Events" on page 36 of this report.

State Building Commission Lottery Revenue Bonds

The State Building Commission issued Lottery Revenue bonds in 1997 for the purpose of providing funds for education, arts, science and tourism. The bonds are secured by a second lien on the net proceeds of the Lottery Fund.

The bonds had a reserve fund balance of approximately \$3.4 million (market value) as of June 30, 2004 and a surety bond with an original face amount of \$7.3 million.

Economic Development Authority Lottery Revenue Bonds

This 2004 Lottery Revenue Bond issue was issued on a federally taxable basis for the purpose of providing economic development grants for various projects in West Virginia. A debt service reserve fund was established as part of the indenture of the bond issue. The debt service reserve fund requirement is an amount equal to the maximum annual debt service on the bonds. According to the indenture, the Authority may provide a reserve fund credit facility to replace all or any portion of the amounts on deposit in the reserve fund. This reserve fund had a market value of approximately \$19 million as of June 30, 2004.

Tax Supported Debt Amortization

For the purposes of this annual report, the term “amortization” simply refers to the reduction of debt through regular payments of principal and interest. Bonds can be structured in a variety of ways when they are issued. The structure is then reflected in the amortization. There are many factors which determine the way debt service of a bond issue is structured. Available revenue, anticipated revenue, the market’s desire for a particular maturity or structure and the yield curve of a particular bond or index are all considered in structuring debt service.

The following tables show the amortization of the state’s tax supported debt as of June 30, 2004.

General Obligation Bonds
Road Bonds (as of June 30, 2004)

Better Highways Amendment of 1973
Principal Outstanding: \$5,090,000
Final Maturity: February 1, 2006

Safe Roads Amendment of 1996
Principal Outstanding: \$489,340,000
Final Maturity: June 1, 2025

West Virginia Non Tax-Supported Debt Outstanding

There are approximately seven authorities or boards that have legislative approval to issue bonds which are not counted as part of the state's direct debt burden. For purposes of this report, this debt is considered "non tax-supported debt."

One authority in particular is discussed in more detail in the "*Issuer Spotlight: West Virginia Housing Development Fund*" (page 45). West Virginia had a non-tax supported debt of approximately \$2.6 billion outstanding as of June 30, 2004. Please note that the total for the Hospital Finance Authority includes various issues which have been advanced refunded. Additional detail is given in Appendix B.

Non Tax-Supported Debt Outstanding at June 30, 2004

ISSUER	PRINCIPAL OUTSTANDING June 30, 2004	PERCENTAGE OF TOTAL DEBT OUTSTANDING
Economic Development Authority	\$ 524,146,524	19.6%
Hospital Finance Authority	920,921,667	34.4%
Housing Development Authority	687,454,999	25.7%
Infrastructure & Jobs Development Council	89,550,000	3.4%
Parkway Authority	112,925,596	4.2%
Public Energy Authority	110,860,000	4.2%
Solid Waste Management	2,425,000	0.1%
Water Development Authority	225,225,000	8.4%
Total	\$ 2,673,508,786	100.0%

Debt Retirement - Fiscal Year 2005

The following is a list of various obligations which are anticipated to mature in fiscal year 2005. Of course, the final payment is dependent on various factors such as early redemption of the obligations, refinancing and timing of payments. Detailed information on these leases can be obtained from Appendix B or by contacting the Division of Debt Management at the West Virginia State Treasurer's Office.

- 1) Lease Obligation
Dept. of Administration - Building Fund (Parkersburg Building)
Original issue amount - \$2,085,000
Final payment – September 2004
- 2) Lease Obligation
Dept. of Administration - Travel Management (Vehicles)
Original issue amount - \$5,485,447
Final payment – April 2005
- 3) Lease Obligation
Dept. of Administration - Travel Management (Vehicles)
Original issue amount - \$353,372
Final payment – June 2005
- 4) Lease Obligation
West Virginia State Auditor's Office (Computer Equipment)
Original issue amount - \$1,600,000
Final payment – December 2004
- 5) Lease Obligation
Fairmont State University (Telephone Equipment)
Original issue amount - \$234,651
Final payment – October 2004
- 6) Lease Obligation
Fairmont State University (Computer Equipment)
Original issue amount - \$110,898
Final payment – April 2005
- 7) Lease Obligation
Fairmont State University (Computer Equipment)
Original issue amount - \$528,214
Final payment – January 2005

- 8) Lease Obligation
Marshall University (Copier)
Original issue amount - \$5,571
Final payment – June 2005
- 9) Lease Obligation
Marshall University (Copier)
Original issue amount - \$9,522
Final payment – September 2004
- 10) Lease Obligation
Division of Natural Resources (Misc. Heavy Equipment)
Original issue amount - \$206,319
Final payment – May 2005
- 11) Lease Obligation
Northern Community College (Various Capital Improvements)
Original issue amount - \$150,000
Final payment – June 2005
- 12) Lottery Revenue Bonds
School Building Authority, Series 1994
Original issue amount - \$135,600,000
Final payment – July 2004
- 13) Lease Obligation
Shepherd University (Grounds Equipment)
Original issue amount - \$10,450
Final payment – January 2005
- 14) Lease Obligation
Southern West Virginia Community & Technical College (ICR Classroom)
Original issue amount - \$230,415
Final payment – November 2004
- 15) Lease Obligation
Department of Tax & Revenue (Copier)
Original issue amount - \$16,239
Final Payment - April 2004

- 16) Revenue Bonds
Department of Transportation (Huntington Toll Bridge) - escrowed to maturity
Original issue amount - \$16,600,000
Final Payment - January 2005
- 17) Lease Obligation
WVNET
Original issue amount - \$107,712
Final Payment Date - May 2005
- 18) Lease Obligation
West Virginia State Police (Telephone Equipment)
Original issue amount - \$35,673
Final payment – June 2005
- 19) Lease Obligation
West Virginia University (Dictaphone)
Original issue amount - \$26,238
Final payment – April 2005
- 20) Lease Obligation
West Virginia University (Data Processing Equipment)
Original issue amount - \$2,309,967
Final payment – July 2004
- 21) Lease Obligation
West Virginia University (Gateway E-3600)
Original issue amount - \$16,620
Final payment – April 2005
- 22) Lease Obligation
West Virginia University - Institute of Technology (Property at 321, 2nd Ave.)
Original issue amount - \$85,000
Final payment – December 2004

Subsequent Events

As of the issuance of this report, the Division of Debt Management has received notification of 7 different bond issues since June 30, 2004. Four of those issues have been finalized, which include the following:

Revenue Bonds (with the support of the Excess Lottery Revenue Fund), Higher Education Policy Commission (\$167,200,000)

Lottery Revenue Bonds, School Building Authority (\$141,600,000)

Lease Revenue Bonds, Economic Development Authority (\$54,995,000)

Lease Revenue Bonds, Economic Development Authority (\$5,080,000)

This more than \$368 million in issuance during July and August were for various projects and improvements around the State. The bond issues are described in more detail below.

Revenue Bonds - West Virginia Higher Education Policy Commission, Series 2004 A&B

The Higher Education Policy Commission went to market with a “multi-revenue” bond issue during the first quarter of Fiscal Year 2005. In August 2004 the Commission issued \$85,650,000 of Series A bonds; however, they were issued with the agreement that upon the issuance of the 2004 Series B bonds, the Series A bonds would be immediately exchanged for an equal aggregate amount in par value of the Series B bonds. Upon that exchange, the Series A bonds were no longer outstanding. Both series of bonds had a dated date of August 31, 2004. According to the official statement, the proceeds of the bonds are being used to finance capital improvements at various institutions of higher education throughout the State and to advance refund the 1996 University Bonds.

The bonds were “multi-revenue” because the repayment mechanism for the bonds contains various revenue sources which include certain funds of the Excess Lottery Revenue Fund and certain student fees. Of the fees, only required educational and general capital fees which comprise registration and tuition fees which were in effect as of March 2004 are pledge for payment of the bonds. For a description of these fees, please refer to the Official Statement of the bonds or contact the West Virginia Higher Education Policy Commission.

 \$43,285,000, 5.00%, due 2034 (yield 4.850%)

Lottery Revenue Bonds - West Virginia School Building Authority, Series 2004

The School Building Authority had a 1994 Lottery Revenue Bond issue which matured on July 1, 2004; however, earlier in Fiscal Year 2004 (December 2003), the Authority entered into an interest rate “lock” with Merrill Lynch as a hedge against rising interest rates on the series 2004 bonds. Approximately \$380,000 of the proceeds of the series 2004 bonds went to Merrill Lynch to settle the Authority’s obligation under this rate lock.

The term of the series 2004 bonds is 10 years, which is the same as the 1994 bonds. The Authority also maintains its first lien priority on the net proceeds of the West Virginia State Lottery to pay debt service on the bonds. This \$18 million dollar annual contribution will allow the Authority to continue its program of providing funds for its purpose of constructing and/or maintaining modern and efficient elementary and secondary public schools. For information on the specific distribution of these bond proceeds, please contact the West Virginia School Building Authority.

Lease Revenue Bonds - West Virginia Economic Development Authority, 2004 Series B (State Office Building - Weirton, West Virginia)

The Economic Development Authority continued its role as the issuer of Lease Revenue Bonds for various state projects during the first part of Fiscal Year 2005. In July 2004, the Authority issued more than \$5 million for a state office building in Weirton, West Virginia. According to the official statement, the building will provide office space for the Department of Health and Human Resources, Division of Motor Vehicles, Bureau of Employment Programs, Rehabilitation Services, Work Force Investment Board and the West Virginia Lottery. The bonds were issued on a negotiated basis with Banc One Capital Markets.

Lease Revenue Bonds - West Virginia Economic Development Authority (Correctional, Juvenile and Public Safety Facilities), 2004 Series A and B.

Approximately \$357 million of West Virginia municipal bonds have been dedicated to the construction and/or renovation of correctional and other public safety facilities throughout the state since 1998. The most recent issue was marketed as Lease Revenue Bonds issued by the Economic Development Authority. The bonds were sold in two different series because one portion of the issue, Series 2004B, is Federally taxable. The bonds are described below.

Proposed Amount:	Not to exceed \$3,900,000
Purpose:	Various capital improvements
Type of Sale:	Negotiated
Underwriter(s):	Ferris, Baker Watts, Inc.

Pension Obligation Bonds

As of the publication of this report, the topic of the state's proposed plan to issue approximately \$4 billion in Pension Obligation Bonds (POBs) has not been resolved. The Treasurer and Auditor had filed a case challenging the constitutionality of the bonds. This case was appealed to the West Virginia Supreme Court and was heard in early September 2004. A ruling is expected before the end of 2004.

Veterans Bonus Amendment

West Virginia citizens will vote on a proposed Veterans Bonus Amendment in November 2004 which will provide General Obligation bonding authority for the purpose of paying cash bonuses to those veterans involved in Kosovo, Afghanistan and Iraq. Although the amendment provides authority for the state to issue up to \$8 million dollars in bonds, these type of amendments are typically paid from a one-time General Revenue Fund appropriation and no bonds are issued. This amendment merely gives the state the authority needed if current funds are not available. This House Joint Resolution was passed during the 2004 Regular Legislative Session and the full text of the Resolution is included in Appendix C.

Issuer Spotlight: West Virginia Housing Development Fund

The West Virginia Housing Development Fund (the "Fund") was established in 1968 as a governmental instrumentality of West Virginia (the "State") and a public body corporate. Its primary corporate purpose is to increase the supply of residential housing in the State for persons and families of low and moderate income and, among other things; it is empowered by Article 18 of Chapter 31 of the Code of West Virginia ("the Act") to provide financing for such housing. The Fund is self-supporting, and does not receive any State appropriations.

The Fund is authorized to issue its bonds, notes or other obligations up to \$1.25 billion outstanding at any one time. Since its inception, the Fund has issued more than 150 series of bonds and notes in the principal maturity amount of over \$3.3 billion. At June 30, 2004, the Fund had \$687,155,000 in bonds outstanding (24 issues) under its Housing Finance Bond Resolution, currently the only resolution the Fund is issuing bonds under. In addition to the above debt issues, the Fund has a \$15 million line of credit with the Federal Home Loan Bank of Pittsburgh, which is available to use as a warehouse line for the purchase of loans. This line of credit is secured by certain investments and is a general obligation of the Fund. As of June 30, 2004, no advances had been drawn against this line of credit. The Fund has no taxing power and the State is not liable on the Fund's debt.

The Housing Finance Bonds are currently rated "AAA" by Standard & Poor's Ratings Services, ("S&P") and "Aaa" by Moody's Investors Service, Inc. ("Moody's"). Additionally, Moody's and S&P rate the Fund's unsecured, long term general obligation debt pledge "Aaa" and "AAA" respectively. Fitch, Inc. ("Fitch") rates the Fund's short-term general obligation debt pledge "F-1+". These ratings are not assigned to any particular issue of debt; but rather, represent an overall credit assessment by the respective rating agencies of the Fund's general obligation debt pledge. Of the 37 Housing Finance Agencies which receive an issuer rating from Moody's, the West Virginia Housing Development Fund is the only one that has achieved a triple-A ("Aaa") rating. The Fund does pledge its general obligation to its Housing Finance Bonds. In 1987, the Fund became the fifth housing agency designated as a Top Tier Housing Issuer by S&P. The Fund makes no representation as to the meanings of such ratings or designation. An explanation of the Moody's ratings may be obtained by writing to Moody's Investors Service, Inc., 99 Church Street, New York, New York 10007; an explanation of the S&P ratings and Top Tier designation may be obtained by writing to Standard & Poor's Ratings Services, 55 Water Street, New York, New York 10041, and an explanation of the Fitch rating may be obtained by writing to Fitch, Inc., One State Street Plaza, New York, New York 10004.

Organization and Membership

The Fund is governed by an eleven member Board of Directors consisting of the Governor, Attorney General, Commissioner of Agriculture and Treasurer, all of whom serve ex-officio as public directors, and seven members chosen as private directors from the general public residing in the State. Private Directors are appointed for staggered terms of four years by the Governor with the advice and consent of the State Senate. No more than four of the private directors may be from the same political party.

On June 30, 2004, the permanent staff of the Fund consisted of 115 persons, including professional staff members qualified in the fields of accounting, appraisal, finance, law, mortgage underwriting, mortgage loan servicing, secondary mortgage markets, planning, site and market analysis, architecture, cost estimating, construction, inspection, housing management and marketing. The Fund provides services in these fields for its programs as required and utilizes professional consulting services from time to time to supplement its own staff. The Fund currently utilizes the services of the following professional firms:

Jackson Kelly PLLC – General Counsel
Piper Jaffray & Co. – Financial Advisor
Hawkins Delafield & Wood – Bond Counsel
Ernst & Young LLP – Independent Auditors

Program Operations of the Fund

As a public body with State-wide responsibility to provide for a wide range of housing needs, the Fund operates a number of program incentives to provide technical, consultative, and financial assistance for the provision of sanitary, decent and safe residential housing for persons of low and moderate income. During calendar year 2003, more than \$331 million was provided under the Fund's programs to finance more than 4,800 housing units in the State. To date, the Fund has financed, developed or otherwise assisted in the development of over 91,000 housing units throughout the State. These current housing incentives include programs to:

- Finance homeownership;
- Finance the construction of rental housing units;
- Provide federal Tax Credits for rental and homeownership opportunities;
- Construct new single family ownership housing units;
- Rehabilitate existing rental housing units;
- Rehabilitate owner-occupied units;
- Finance subdivision construction and infrastructure improvements;
- Finance down payments and closing costs related to purchasing a home;
- Provide rental assistance payments to lower income families in the State;
- Provide homeownership opportunities to lower income families in the State; and
- Provide financing for housing destroyed by flooding and other natural disasters.

Under the Act, the Fund can also provide assistance for the State's economic development efforts. At the request of the Governor of the State, the Fund has developed its Economic Development Program. The Board of Directors has approved the General Economic Development Bond Resolution and a Plan of Finance authorizing the issuance of up to \$30 million in bonds to fund economic development projects. These bonds are expected to be secured by the Fund's general obligation debt pledge and the projects funded from the Economic Development Program. The Fund has formalized the program and underwriting guidelines, as well as operating procedures, for the Economic Development Program and is accepting economic development financing proposals. The bonds for this program will be sold as demand is identified.

In addition to the \$30 million bond-funded Economic Development Program, the Fund has provided the following economic development assistance during the past 12 months:

- \$2.5 million loan to develop wind-powered electric generation facilities in the State;
- \$5 million loan to the State, advanced to Wheeling-Pittsburgh Steel Corporation to prevent bankruptcy and maintain related jobs; and
- \$10.4 million loan guarantee to a consortium of lenders which provided a \$250 million restructuring loan to Wheeling-Pittsburgh Steel Corporation.

During 2001, the Fund began operation of the WVHDF Company, LLC, a wholly owned subsidiary created to provide competitively priced title insurance. Title insurance policies are underwritten by WVHDF Company, LLC staff, in accordance with guidelines established by a nationally recognized title insurance that maintains the risk if there is a claim against a title policy.

In an effort to provide better service to its borrowers, and generate funding for its missions, the Fund began servicing the loans in its mortgage loan portfolio in 1989. The Fund currently services all the loans in its loan portfolio, and mortgages originated for secondary market investors such as Fannie Mae. The Fund is an approved servicer for: Fannie Mae, Freddie Mac, Ginnie Mae, Rural Development Service, Veteran's Administration, and FHA/HUD. At June 30, 2004, the Fund's loan servicing portfolio was almost \$1.24 billion.

Additional Information

In an effort to provide information to its investors and other market participants, the Fund has established an in-depth Financial and Statistical area on its Website. This area has a significant amount of detailed information relating to:

- Audited Financial Statements
- Bond Call Summaries
- Recent Official Statements
- Copies of reports filed with NMSIRs

This information can be accessed at: www.wvhdf.com. The Fund expects to utilize the Internet and its Website to a greater extent in the future to sell its debt, provide current financial and programmatic data and information, and to better service its clients by providing easier access to the Fund and its products. Additional information about the Fund may be accessed on its website, or by contacting, Joe W. Hatfield, Executive Director, West Virginia Housing Development Fund, 814 Virginia Street East, Charleston, WV 25301, telephone 304-345-6475.

This information was provided by the West Virginia Housing Development Fund.

Veterans Bonus Amendment

House Joint Resolution No. 114

Proposing an amendment to the Constitution of the State of West Virginia, authorizing appropriations and the issuance and sale of additional state bonds in an amount not exceeding eight million dollars for the purpose of paying bonuses to certain veterans or to relatives of certain veterans; numbering and designating such proposed amendment; and providing a summarized statement of the purpose of such proposed amendment.

Resolved by the Legislature of West Virginia, two thirds of the members elected to each house agreeing thereto: That the question of ratification or rejection of an amendment to the Constitution of the State of West Virginia be submitted to the voters of the state at the next general election to be held in the year two thousand four, or at any special election held prior thereto, which proposed amendment is as follows:

VETERANS BONUS AMENDMENT
(Kosovo, Afghanistan, and Iraq)

The Legislature shall provide by law, either for the appropriation from the general revenues of the State, or for the issuance and sale of state bonds, which shall be in addition to all other state bonds heretofore issued, or a combination of both as the Legislature may determine, for the purpose of paying a cash bonus to: (1) Veterans of the armed forces of the United States who served on active duty in areas of conflict in Iraq, or were members of reserve components called to active duty by the President of the United States under Title 10, United States Code section 12301, 12302, 12303 or 12304 during the Iraqi War, between the nineteenth day of March, two thousand three and the date determined by the President or Congress of the United States as the end of the involvement of the United States armed forces in Iraq, both dates inclusive; or (2) veterans, active service members, or members of reserve components of the armed forces of the United States, who served on active duty in one of the military operations for which he or she received a campaign badge or expeditionary medal during the periods hereinafter described. For purposes of this amendment, periods of active duty in a campaign or expedition are designated as: The conflict in Kosovo between the twentieth day of November, one thousand nine hundred ninety-five and the thirty-first day of December, two thousand, both dates inclusive; and the conflict in Afghanistan, between the seventh day of October, two thousand one and the date determined by the President or Congress of the United States as the end of the involvement of the United States armed forces in Afghanistan, both dates inclusive. For purposes of this amendment not more than one bonus shall be paid to or on behalf of the service of a veteran. In order to be eligible to receive a bonus, a veteran must have been a bona fide resident of the State of West Virginia at the time of his or her entry into active service and for a period of at least six months immediately prior thereto, and has not been separated from service under conditions other than honorable. The bonus shall also be paid to any veteran otherwise qualified pursuant to this amendment, who was dis-

charged within ninety days after entering the armed forces because of a service-connected disability. The amount of the bonus shall be six hundred dollars per eligible veteran who was in active service, inside the combat zone in Kosovo, Afghanistan or Iraq as designated by the President or Congress of the United States at anytime during the dates specified hereinabove. In the case of the Iraqi War and the conflict in Afghanistan, the amount of bonus shall be four hundred dollars per eligible veteran who was in active service outside the combat zone designated by the President or Congress of the United States during the dates specified hereinabove. The bonus to which any deceased veteran would have been entitled, if living, shall be paid to the following surviving relatives of the veteran, if the relatives are residents of the State when the application is made and if the relatives are living at the time payment is made: Any unremarried widow or widower, or, if none, all children, stepchildren and adopted children under the age of eighteen, or, if none, any parent, stepparent, adoptive parent or person standing in loco parentis. The categories of persons listed shall be treated as separate categories listed in order of entitlement and where there is more than one member of a class, the bonus shall be paid to each member according to his or her proportional share. Where a deceased veteran's death was connected with the service and resulted from the service during the time period specified, however, the surviving relatives shall be paid, in accordance with the same order of entitlement, the sum of two thousand dollars in lieu of any bonus to which the deceased might have been entitled if living. The person receiving the bonus shall not be required to include the bonus as income for state income tax purposes.

The principal amount of any bonds issued for the purpose of paying the bonuses provided for in this amendment shall not exceed the principal amount of eight million dollars, but may be funded or refunded either on the maturity dates of the bonds or on any date on which the bonds are callable prior to maturity, and if any of the bonds have not matured or are not then callable prior to maturity, the Legislature may nevertheless provide at any time for the issuance of refunding bonds to fund or refund the bonds on the dates when the bonds mature or on any date on which the bonds are callable prior to maturity and for the investment or reinvestment of the proceeds of the refunding bonds in direct obligations of the United States of America until the date or dates upon which the bonds mature or are callable prior to maturity. The principal amount of any refunding bonds issued under the provisions of this paragraph shall not exceed the principal amount of the bonds to be funded or refunded thereby. The bonds may be issued from time to time for the purposes authorized by this amendment as separate issues or as combined issues.

Whenever the Legislature shall provide for the issuance of any bonds under the authority of this amendment, it shall at the same time provide for the levy, collection and dedication of an additional tax, or enhancement to another tax as the Legislature may determine, in an amount as may be required to pay annually the interest on the bonds and the principal thereof within and not exceeding fifteen years, and all taxes or charges so levied shall be irrevocably dedicated for the

payment of the principal of and interest on the bonds until the principal of and interest on the bonds are finally paid and discharged and any of the covenants, agreements or provisions in the acts of the Legislature levying the taxes or charges shall be enforceable in any court of competent jurisdiction by any of the holders of said bonds. Any revenue generated in excess of that which is required to pay the bonuses herein and to pay any administrative cost associated with the payment shall be used to pay the principal and interest on any bonds issued as soon as is economically practicable.

The Legislature shall have the power to enact legislation necessary and proper to implement the provisions of this amendment: Provided, That no bonus may be issued until a list of veterans and relatives of deceased veterans eligible for such bonus and the amount of bonus each veteran or relative of a deceased veteran is eligible to receive is certified to the Legislature at the end of the involvement for the conflict in Afghanistan, the conflict in Kosovo and the Iraqi War by the Governor as the Legislature will provide by general law.

Resolved further, That in accordance with the provisions of article eleven, chapter three of the code of West Virginia, one thousand nine hundred thirty-one, as amended, such proposed amendment is hereby numbered "Amendment No. 1" and designated as the "Veterans Bonus Amendment of 2004," and the purpose of the proposed amendment is summarized as follows: "To amend the State Constitution to permit the Legislature to appropriate general revenues or sell state bonds for the payment of bonuses and death benefits to veterans of the conflicts in Kosovo, Afghanistan and Iraq or to their relatives, and to impose or increase a tax to pay for the bonds.
